

e-Enabling Vydehi Institute campus

BANGALORE: The City-based Vydehi Group of Institutes has taken the first step towards e-enabling its campus, by deciding to implement the first phase of the online campus management system through Attendance Online (www.attendanceonline.com) this academic year.

The project integrates biometric identification interface and will be implemented at the Vydehi Institutes of Medical, Dental, Nursing and Biotech. The Vydehi Institute of Medical

Sciences is also launching its megaportal, www.vims.ac.in, comprising 70 microsites. According to Kalpaja, Director, VIMS & RC, the website underscores the broad mission of the Vydehi Group.

Attendance, grades, assignments and 60 other modules of any other detail could be accessed on the website.

For non-tech savvy users, Attendanceonline.com offers SMS and IVRS facility with 24X7 support.
